

## EGAP Learning Days 2026 | Schedule 1 | Programme 1

| Day     | Slot             | Session                                           | Description (FR)                                  |            |
|---------|------------------|---------------------------------------------------|---------------------------------------------------|------------|
| Monday  | 9:00-10:30       | Welcome and introductions: experiments examples   | Accueil et présentations : exemples d'expériences | Lecture 1  |
|         | 10:30-11:15      | Exercise Part A                                   | Exercice — partie A                               |            |
|         | 11:15 - 11:30:00 |                                                   |                                                   |            |
|         | AM               | Short Break                                       | Pause                                             | Exercise   |
|         |                  | The Fundamental Problem of Causal Inference       | Le problème fondamental de l'inférence causale    | Lecture 2  |
|         | 11:30-13:00      |                                                   |                                                   |            |
|         | 13:00-14:00      | Lunch                                             | Déjeuner                                          |            |
|         | 14:00-15:00      | Exercise Part B                                   | Exercice — partie B                               | Exercise   |
|         | 15:00-15:30      | Feedback / discussion                             | Retour / discussion                               | Discussion |
|         | 15:30-16:15      | DeclareDesign                                     | DeclareDesign                                     | Lecture 3  |
|         | 16:15 - 16:30    | Break                                             | Pause                                             |            |
|         | 16:15-17:45      | Randomization 1                                   | Randomisation 1                                   | Lecture 4  |
|         | 17:45-18:00      | Wrap up                                           | Clôture                                           |            |
| Tuesday |                  | 19:00 Group Dinner                                | Dîner de groupe                                   |            |
|         | 9:00-9:30        | Quiz and review                                   | Quiz et révision                                  |            |
|         |                  | Introduction to R + Randomizing with R            | Introduction à R + randomisation avec R           | Lecture 5  |
|         | 9:30-10:30       |                                                   |                                                   |            |
|         | 10:30-10:45      | Break                                             | Pause                                             |            |
|         |                  |                                                   | Randomisation 2 : types de conceptions            | Lecture 6  |
|         | 10:45-12:00      | Randomization 2: Types of designs                 | Formulaire de design en groups                    | Activity   |
|         | 12:00-13:00      | RD Form in groups                                 | Déjeuner                                          |            |
|         | 13:00-14:00      | Lunch                                             | Estimation / inférence statistique 1              | Lecture 7  |
|         | 14:00-15:30      | Estimation/Statistical Inference 1                | Estimation / inférence statistique, exercice R    | Activity   |
|         | 15:30-16:30      | Estimation/Statistical Inference, with R exercise |                                                   |            |
|         | 16:30-16:45      | Break                                             | Pause                                             |            |
|         | 16:45-17:45      | Workshop                                          | Atelier                                           | Activity   |
|         | 17:45-18:00      | Wrap up                                           | Clôture                                           |            |

## EGAP Learning Days 2026 | Schedule 2 | Programme 2

|           |               |                                                                              |                                                                        |            |
|-----------|---------------|------------------------------------------------------------------------------|------------------------------------------------------------------------|------------|
| Wednesday | 9:00-9:30     | Quiz                                                                         | Quiz                                                                   |            |
|           |               |                                                                              | Estimation / inférence                                                 |            |
|           | 9:30-11:00    | Estimation/Statistical Inference 2                                           | statistique 2                                                          | Lecture 8  |
|           | 11:00-11:15   | Break                                                                        | Pause                                                                  |            |
|           | 11:15-12:30   | Statistical Power                                                            | Puissance statistique                                                  | Lecture 9  |
|           | 12:30-13:30   | Lunch                                                                        | Déjeuner                                                               |            |
|           | 13:30-14:30   | Ethics                                                                       | Éthique                                                                | Lecture 10 |
|           |               |                                                                              | Présenter et interpréter des                                           |            |
|           | 14:30-15:00   | Presenting and interpreting experimental designs and results                 | designs et résultats expérimentaux                                     | Lecture 11 |
|           | 15:00-18:00   | Workshop and design clinic                                                   | Atelier et clinique de design                                          |            |
| Thursday  | 9:00-9:30     | Quiz                                                                         | Quiz                                                                   |            |
|           |               |                                                                              | Menaces à l'inférence                                                  |            |
|           | 9:30-10:45    | Threats to Causal Inference                                                  | causale                                                                | Lecture 12 |
|           | 10:45-11:00   | Break                                                                        | Pause                                                                  |            |
|           | 11:00-12:00   | Life cycle                                                                   | Cycle de vie                                                           | Lecture 13 |
|           |               |                                                                              | Rédaction de demandes de                                               |            |
|           | 12:00-13:00   | Grant writing                                                                | subvention                                                             | Lecture 14 |
|           | 13:00-14:00   | Lunch                                                                        | Déjeuner                                                               |            |
|           |               | Workshop Administering                                                       |                                                                        |            |
|           | 14:00-18:00   | Experiments                                                                  | Atelier : administration des expériences                               |            |
| Friday    |               |                                                                              |                                                                        |            |
|           |               | Presentations by language group (40 mins per group x 3 groups x 2 languages) | Présentations par groupe linguistique (40 min × 3 groupes × 2 langues) |            |
|           | 9:00-11:30    |                                                                              |                                                                        |            |
|           | 11:30 - 11:45 | Break                                                                        | Pause                                                                  |            |
|           | 11:45 - 12:15 |                                                                              |                                                                        |            |
|           | 12:15 - 12:30 | Feedback session                                                             | Session de feedback                                                    |            |
|           | 13:00         | Next Steps, grants opportunities                                             | Prochaines étapes, opportunités de subventions                         | Lecture 15 |
|           | 13:00-14:00   | Lunch                                                                        | Déjeuner                                                               |            |
|           | 14:00         | Celebration!                                                                 | Célébration !                                                          |            |
